Summary

This Marine Notice highlights the upcoming changes and requirements for all South African seafarers holding Certificates of Competency and/or Proficiency issued in accordance with the regulations repealed by the Merchant Shipping (Safe Manning, Training and Certification) Regulations, 2013, as amended to revalidate their certificates.

Introduction and Background

1. Regulation 3 of the Merchant Shipping (Safe Manning, Training and Certification) Regulations, 2013, as amended (the Regulations), states that

“A certificate of competency and proficiency issued in terms of these Regulations, and any equivalent certification, is not valid for sea service or port operations service unless revalidated at intervals not exceeding five years to establish continued professional competence in accordance with subregulation (3)”

2. The period which all existing certificates need to be revalidated is set in regulation 120 of the Regulations. SAMSA has, through Marine Notices, given exemptions to certain parts of the Regulations in order to allow seafarers and employers to prepare themselves for the changes.

Application

3. The contents of this Marine Notice applies to holders of Certificates of Competency and Certificates of Proficiency (Qualification) required to be issued in accordance with the Regulations and those issued under the repealed under Regulation 119. 7. All applications shall be submitted at the nearest SAMSA office, and applications submitted in the Head Office will be assigned to a port office.
8. Candidates applying shall use the latest forms available on the SAMSA [website](#).
9. Majority of the Certificates covered in this Marine Notice are changing their titles in accordance with Regulations. During the application for Revalidation/Conversion, candidate must select the appropriate new title certificate as set out in the equivalency table in Regulation 115 and summarised in the Annexure
10. Where there is confusion on the certificate to be issued, the equivalencies provided in the Regulations take precedent, taking into account paragraph (3) of Regulation 115.

New Applicants for Certificates covered in this Marine Notice

11. SAMSA will continue to accept applications and process, for first issue of the certificates, under the repealed Regulations, until 31 December 2018, except Certificates of Competency which require the candidate to complete their written examinations at SAMSA.
