Dear Stakeholder

The Minister of Higher Education, Science and Technology, Dr BE Nzimande, together with the Governing Council and Management of uMfolozi TVET College cordially invite you to the launch of the Maritime Academy.

The academy, at eSikhawini Campus, boasts state-of-the art training equipment imported from Sweden and Norway. The renovated facility, refurbished classrooms, learning material, training equipment and capacity building was enabled by funding support from the National Skills Fund and TETA for equipment.

The first group of 68 students commenced with training in April 2019 with up to 240 students to be enrolled in the coming semesters. The academy will primarily target local unemployed youth with an interest in maritime studies and the oceans economy.

The qualifications – 20 short courses, 14 certificate programmes and 18 diploma programmes – will be accredited by the South African Maritime Safety Authority.
